Our Total Care Service Plan features;

Annual system inspection, including routine **preventative maintenance**, allows us to diagnose and fix issues before they become major problems.

Access to **Priority & Emergency Service** Available 24/7.

Full coverage on many commonly worn down oil burner parts, and discounts on any parts & service not covered.

Preventative Maintenance

Our Point by Point System Inspection

- Check; smoke pipe, chimney, air band, oil line, water cut-off's & wiring.
- Replace commonly worn parts; Air filters, oil strainer, nozzles and oil filters.
- Brush & Vacuum; Retention heads, blower fan, heat exchange.
- Lubricate all motors, bearings, fans and circular pumps (if necessary).
- Inform customer of equipment conditions and recommend any necessary repairs.

We are able to spot and fix anything that might cause issues down the road.

**Annually Serviced Heating Systems Save 10%
In Fuel Consumption Per Year!**

[Furnaces and Boilers | Department of Energy](#)

We recommend scheduling routine preventative maintenance once per year.
